Rapid.Space SDN User Agreement

By proceeding, I confirm that I have read and understood the full documentation provided for this system. I acknowledge that:

Firewall Restrictions

I understand that the use of a firewall may interfere with the correct functioning of the system, and I agree not to enable or use a firewall while using this application.

Documentation Review

I have thoroughly reviewed the official documentation and understand the requirements and operational guidelines outlined therein.

Script Output Submission

I agree to run the diagnostic script https://lab.nexedi.com/nexedi/re6st-utils/-/blob/master/check-firewall.py as instructed and to provide its complete, unmodified output in copy of this agreement.

By agreeing, I affirm my compliance with the above conditions.
